

2021 SDSLHA Virtual Convention

SDSLHA is pleased to announce a new virtual, extended format for the 2021 Convention. This hybrid event will combine live and pre-recorded presentations as well as poster presentations for continuing education opportunities. All sessions will be hosted through our learning management system. Attendees can earn up to 40 hours of continuing education contact time.

Along with the continuing education sessions, our platform will include a virtual exhibit hall featuring vendors of speech, language, and hearing products and services. Visit the exhibitors to learn about their products and services and to earn a chance to win a \$50 Amazon gift card! The more exhibitors you visit, the more chances you have to win.

The convention will kick off with live presentations by Dr. Lynn Williams on March 3 & 4. Recorded presentations, will begin on March 5 and be available for you to view at your convenience through May 8, 2021. ASHA CEUs and a certificate of attendance are available. Contact us at admin@sdslha.org with questions.
